

Xitanium 38W LT 0.9A 42V 230V

TAKTON

Benefits:

- High reliability underpinned by 5 year warranty
- Assurance of camera-friendly performance
- Optimized performance at specific output current setting
- Enable simple approbation process to luminaires
- Low output current tolerance
- Long lifetime 50,000 hours lifetime
- Low ripple output current (1%)

TECHNICAL DATA

Rated input voltage:

220-240 V

Rated input frequency range:

50-60 Hz

Power factor:

0.9

Efficiency:

88

Isolation input to output:

SELV

Output voltage:

30-42 V

Output current:

0.9 A

Output current tolerance:

8 %

Output current ripple LF:

<1 %

Output power:

27-37.8 W

ORDERING INFORMATION

Article number:

9290 021 71280

Packaging, ctn:

60

Weight per pcs:

128 gramm
