

Xitanium 38W LT 0.9A 42V 230V

TAKTON

Benefits:

- High reliability underpinned by 5 year warranty
- Assurance of camera-friendly performance
- Optimized performance at specific output current setting
- Enable simple approbation process to luminaires
- Low output current tolerance
- Long lifetime 50,000 hours lifetime
- Low ripple output current (1%)

TECHNICAL DATA

Rated input voltage:	220-240 V
Rated input frequency range:	50-60 Hz
Power factor:	0.9
Efficiency:	88
Isolation input to output:	SELV
Output voltage:	30-42 V
Output current:	0.9 A
Output current tolerance:	8 %
Output current ripple LF:	<1 %
Output power:	27-37.8 W

ORDERING INFORMATION

Article number:	9290 021 71280
Packaging, ctn:	60
Weight per pcs:	128 gramm
